SIGNIFICANCE

19. Briefly state historical and/or architectural importance (include dates, events, and persons associated with the site.).

This residence was at one time used as a barn for an orchard and residence at 95 West Grant (089-130-13-2). Originally part of a larger ranch known as "Hassett's Grove," this parcel was purchased by M.B. Baker of Oakland in 1889. He retired here and cultivated the fruit crop until his death in 1893. He was survived by his wife, Mattie.

This structure is a typical example of outbuilding recycling, having been converted at an early period into a residence.
